

## CORPORATE FINANCE GRADUATE ANALYST

OPEN THE DOOR TO OPPORTUNITY AND CONSIDER A FUTURE CAREER WITH PAXON

*Do you have an interest in Corporate Finance? Have you considered a career in the Finance, Corporate Advisory or Investment Banking industry?*

We are currently seeking graduates to join our Corporate Finance team.

Paxon is a leading advisory firm providing financial and commercial advice on projects across Australia, the broader Asia Pacific region and the Middle East.

We specialise in the design and delivery of bespoke financial solutions for major infrastructure transactions and projects in healthcare, education, social and affordable housing, urban renewal and real estate development, energy, corrections, water and ports sectors.

The firm has advised on over US\$130 billion of infrastructure and commercial projects over the last 20 years.

Our Corporate Finance team provides commercial and strategic advice to a range of public, private and ASX listed companies, dealing with some of the most significant issues currently challenging Australia, as well as the broader Asia Pacific region and the Middle East.

Established over 30 years ago, we work with decision makers who want to enable change. Our people are innovative, creative and experts in delivering value-enhancing advice.

As a Corporate Finance Graduate Analyst, you will be a member of a market-leading team focused on delivering high quality results and working in partnership with clients to maximise value, mitigate risk and achieve successful transactions.

This role will provide exposure to all aspects of corporate finance, including:

- Financial modelling, analysis and independent reviews
- Business case and feasibility study development
- Assessment of procurement and financing options
- Structuring of projects and ventures
- Financing arrangements and structuring
- Providing commercial and financial advice, and
- Documenting and presenting results.

In recruiting previous graduates we have found candidates with a finance / commerce background and studies in law, engineering or science have the ideal skill set to thrive at Paxon.

The role is suited to candidates with:

- Strong commercial acumen
- Excellent problem solving skills
- Excellent analytical and research skills
- Advanced document writing and presentation preparation skills, and
- Excellent communication skills.

This is a great opportunity for a commercially-centered graduate to advance their career by joining a firm which offers a challenging and progressive work environment.

Interested candidates should submit their resume and academic transcripts to [hr@paxongroup.com.au](mailto:hr@paxongroup.com.au).
